

Services and Price List

Whitley & Siddons currently has three avenues to fulfill all your needs for highway construction information. They are our new ScanDOT Service, TxDOT Plans and Proposals, and our Traditional Service. Information on all of Whitley & Siddons' Services can be found at www.whitleysiddons.com

ScanDOT Information Service

This is our all-inclusive, premier, internet-based service designed specifically to give you powerful scanning and filtering tools to help you extract the most relevant information with the most user-friendly interface.

TxDOT Plans and Proposals

We now offer TxDOT plans and proposals at very competitive rates. Our plans can be ordered on paper, on CD, or sheets can be individually downloaded. The hardcopy plans are printed on heavy-bonded, ultra bright paper and can include clear plastic covers. Depending on their thickness, they are put together with aluminum posts or staples. Our plans on CD feature our PlanViewer software, which is specifically designed for construction type plans. CD's can include all the jobs, or can be ordered with just the jobs you are interested in. Individual sheets or whole jobs can be downloaded electronically via our PlanViewer software as well.

Traditional Paper and Electronic Service

Our traditional service dates back to 1932; a history of unparalleled service. We provide both TxDOT and Regional data. The TxDOT data is furnished in both paper and electronic formats. The Regional service is electronic only and includes the Dallas/Ft. Worth region and the Central Texas region. In the DFW area we have a joint plan room with AGC of Texas.

ScanDOT Information Service

ScanDOT, our premier internet-based service, was born out of our long experience of providing TxDOT construction information. This totally new package utilizes a powerful database to supply you with specific, refined information.

CURRENT STATES: Oklahoma, Texas

WEB SITE: www.whitleysiddons.com

DATA INCLUDES ALL OF THE FOLLOWING:

(May vary based on state)

Advance Notices – Upcoming jobs with bid items and cross-linked with planholders and drill down options into the bid items. Data can be downloaded in text, spreadsheet, or estimating (HCSS, Hard Dollar) format. Jobs are also linked with their respective general notes.

General Notes – *(TxDot Only)* These are the general notes off the plans (same as in the proposal) for an upcoming job.

Planholders – The list of bidders on a given job.

Low bids – The contractors and their total bid amount on a given job.

Tabulations – Bid results with drill down options on specific bid items. This data is archived and can be downloaded in text or spreadsheet format. Jobs are also linked with their respective pay estimates and construction reports.

Averages – Bid price averages include all occurrences of a bid item over a twelve-month period, with the ability to view all the bid tabulations that made up the average. Averages include not only that of the low bidders, but also the engineer's estimate, and a weighted average based on the quantities contained in the bid item.

Pay Estimates - *(TxDot only)* Includes the current pay estimate for current jobs.

Construction Report - *(TxDot only)* Includes the construction report data for current jobs.

OTHER FEATURES:

- Store your scan filters on our server, to be used anywhere you have access to the Internet.
- Automated email feature to run your scan filters and send you a custom email anytime the data is updated
- Texas ScanDOT subscription includes access to the Traditional Online Service (#7 under Traditional Paper and Electronic Service)

DISCOUNTS:

As a ScanDOT customer, you are entitled to significant discounts on our other services, ranging from plans to our hardcopy traditional services. See the following pages for more information.

TxDOT Plans and Proposals

TxDOT Plans are provided in the following formats

Hardcopy Plans

Heavy-bonded, ultra bright paper. Clear Plastic covers optional. Discounts offered on volume orders.

CD Plans

- Software: We provide our own PlanViewer software to view, print and electronically update plans contained on the CD's.
- Revisions: Can be checked and downloaded via our PlanViewer software.
- CD Versions:
 - All Jobs*: We will send you several CD's as TxDOT publishes the jobs, generally in two batches.
 - Custom CD's*: We can make a CD of just the jobs you want.

Download Plan Sheets

- Software: Use the PlanViewer software to view, print and electronically update plans.
- Cost: \$.25 per sheet for regular plan sheets. Minimum charge of \$5 per month. Maximum charge of \$150 per month. Revised plan sheets are free.

TxDOT Proposals

Hardcopy Proposals

- Format: Proposals can be printed single or double sided, with or without holes. Discounts may apply for volume customers
- Shipping: Free 2nd day shipping on orders over 200 sheets, or for more than one job. Proposals include FREE 2nd day shipping on orders larger than 1 set or 200 pages*

Order Plans & Proposals

OR

You can send us a fax at 512-481-1983, attn: Brandi Wilson.

Traditional Paper and Electronic Service

Texas DOT Services

- 1. ADVANCE NOTICES TO CONTRACTORS** - The notices are normally mailed in increments as released, usually beginning 3 to 4 weeks prior to receipt of bids. The cost is 30 cents per page plus postage. The total cost will vary each month as to the number and size of the projects let, but will average around \$65/month. Includes free access to this information via our online service. Online only access (no hardcopy mailed) is a flat rate of \$60/month. Online access includes the general notes and the construction report. *ScanDOT customers only pay 10 cents per page for hardcopy.*
- 2. LIST OF CONTRACTORS RECEIVING PROPOSALS** - The original list of bidders is mailed approximately 10 days prior to receipt of bids. Supplemental bidders are available to subscribers if you wish to call our office and are posted on our electronic version. The cost is 30 cents per project plus postage, ranging from \$25-35/month. Includes free access to this information via our online service. Online only access is a flat rate of \$30/month. *ScanDOT customers only pay 10 cents per job for hardcopy.*
- 3. LOW BID SHEETS **** - The low bid sheets are mailed immediately following the last day of the letting and contain each contractors total bid for each job. The cost is \$10.00 per month and includes free access to this information via our online service. Online only access is also \$10/month.
- 4. COMPLETE TABULATION OF BIDS** - Tabulations are mailed the first workday following the last day of the letting. The cost is 30 cents per page plus postage and averages \$65/month and includes free access to this information via our online service. Online only access is a flat rate \$60/month and includes archived (historical) data as well as our averaged bid price report and pay estimates. *ScanDOT customers only pay 10 cents per page for hardcopy.*
- 5. ONLINE & ELECTRONIC BULLETIN BOARD SERVICE (BBS)** - The hardcopy prices for items #1-4 include online access, but you can also subscribe to Online-Only access for each of those items for the prices listed above. The Online Service gives you the ability to scan the various data files for certain types of work or information. You can also download certain types of data into Lotus or Excel spreadsheets, or print just certain items. The complete Online-Only package is a flat rate of \$150.00/month for all those items #1-4. Certain online packages offer discounted pricing. See enclosed price guides for more information.
- 6. HIGHWAY DOPE BOOK AND DIRECTORY **** - The Dope Book is published monthly at a cost of \$12.75 each and includes all active TxDOT jobs and qualified contractors. Material and Equipment firms can be listed for Free upon subscription (company information only). For each Representative listed in the "Material and Equipment Firms" section, there is an additional charge of \$12.75 per month and includes an extra copy of the Dope Book. The charge for each Representative listed not requiring a copy of the Dope Book is \$9.25 per month.
- 7. STATE HIGHWAY DISTRICT ENGINEERS AND THEIR PERSONNEL** - Includes all key TxDOT District personnel listed by district, Austin headquarters personnel, and Federal Highway Administration personnel. Published once each year (in late December) at a cost of \$17.50 per copy. Quantities ordered will remain the same for each year's distribution unless we are notified of change.

Regional Data Services

Regions: Waco - Austin - San Antonio
Dallas - Fort Worth

8. REGIONAL NOTICES - Advance Notices/ Advertisements, including BID ITEMS, for municipal type work consisting of roads, highways, wastewater, Corp of Engineers, Federal jobs (CBD) as well as TxDot Maintenance jobs are included in this data service. This service is available via our online service and BBS, and allows you to print, scan for items, convert data to spreadsheet format and do much more than traditional paper services. We provide you with the software. All you need is a computer with Internet access or with a modem. Cost is \$50/month.

9. REGIONAL PLANHOLDERS - Plan holders for the jobs listed in our regional notices. These are updated on a timely basis to keep you informed. Data includes phone and fax numbers. Cost is \$25/month.

10. REGIONAL LOWBIDS - These also match the jobs listed in the regional notices. The data includes all the bidders that the municipality releases, along with the total number of bidders that bid, showing their total bid and amount over the low bidder. Cost is \$25/month.

**PLANROOM: OUR DALLAS / FORT WORTH REGION INCLUDES ACCESS TO
THE AGC PLANROOM, REGARDLESS OF AGC MEMBERSHIP.**
